**RESPONDENT**

Come the parties, Petitioner Anthony O. Davis, *pro se*, and the Respondent, the Kentucky Office of Mine Safety and Licensing (OMSL), by counsel, and hereby state that they have agreed to a settlement of the above-styled disciplinary proceeding, according to the following terms:

In consideration for the final resolution of this action against him, and the cancellation of the hearing (as it pertains to him) that is currently scheduled for October 12, 2006, the Petitioner hereby admits that he violated his employer's substance abuse policy, which was reported to the Respondent and resulted in the suspension of his surface miner's certificate on August 16, 2006. His actions constituted a violation of KRS 351.120. Therefore, Anthony O. Davis hereby agrees to the following:

1. The suspension of his temporary underground miner's certificate, underground miner's certificate, surface miner's certificate, surface miner foreman certificate and convention shot firer certificate until such time as his application for restoration of his certificates is accepted by the Kentucky Mining Board (Board), in accordance with KRS 351.120(13), but in no event shall the suspension end sooner than September 28, 2006.

2. The Petitioner's temporary underground miner's certificate, underground miner's certificate, surface miner's certificate, surface miner foreman certificate and convention shot firer certificate shall be placed on probation for a period of one (1) year from the date of the restoration of said certificates by the Board, subject to the conditions set forth in Paragraphs 3 and 4, below.

3. During this one-year probationary period, Davis shall comply with all state and federal mine safety laws and regulations, including the terms of this Settlement Agreement. The willful violation by Davis of any of said laws or regulations, or the terms of this settlement agreement, may result in OMSL filing a motion with the Mine Safety Review Commission to revoke his temporary underground miner's certificate, underground miner's certificate, surface miner's certificate, surface miner foreman certificate and convention shot firer certificate for the remainder of the probationary period.

4. Davis shall submit to drug testing once every sixty (60) days and have the results of same reported to OMSL, at his own expense. If necessary, the Petitioner can utilize the drug testing program offered by OMSL through its examination system, at his own expense.

5. Davis understands and agrees that the report of any positive drug test results shall be cause for the revocation of his certificates.

Davis further agrees that this Settlement Agreement and any final order issued herein by the Mine Safety Review Commission will be considered by the Commission to constitute a "first offense", as that term is defined at 805 KAR 8:010, Section 1(13).

Davis states that he has carefully read this Settlement Agreement (or that the Settlement Agreement has been read to him), that he has carefully considered the Agreement prior to signing it, and that he understands and agrees to its terms and provisions.

OMSL and Davis acknowledge and agree that there are no further promises, inducements, representations, or agreements in connection with this Settlement Agreement other than those expressly set forth in writing herein.
